## Commuter Endpoint

The screenshot shows the Postman application interface. At the top, it displays the URL `http://rideguide.test/api/dashboard/commuter`. Below the URL, there are tabs for `Body`, `Cookies`, `Headers (10)`, `Test Results`, and `Settings`. The status bar indicates a `200 OK` response with `160 ms` latency and `750 B` size. On the right side, there are buttons for `Send`, `Save`, `Share`, and `Copy`. The main content area shows a JSON response with line numbers from 4 to 28. The response includes fields for profile, user\_profile, and drivers.
